

Chestnut Community Action Group – Equal Opportunities Statement

The Chestnut Community Action Group (CCAG) respects, values and embraces diversity and difference. We pursue equal opportunities for the people we recruit as volunteers and work with in the delivery of our events.

CCAG will actively work with other organisations and community groups to give us the opportunity to promote a culture of inclusion and be an advocate for diversity.

CCAG is committed to incorporating equal opportunities, inclusive and anti-discriminatory practices into all aspects of its operation, in particular with regard to gender, marital status, age, race, nationality, religion, sexual orientation, health, responsibility for dependents, political activity, physical, mental ill health and learning difficulties.

CCAG will promote and celebrate diversity through its biennial festival and other events, in its recruitment of volunteers and in its programming of music and arts activities.

Approved: at the Annual General Meeting 24th August 2019

For review: at each AGM
